

15. A gaming machine comprising:
- a primary game display operable to display the outcome of a wagering game in response to a wager, said outcome including a plurality of symbols;
 - a secondary game display overlaying the primary game display and operable to interact with at least one symbol of the plurality of symbols.
16. The gaming machine of claim 15, wherein the secondary game display is operable to interact with at least one symbol by overlaying a wild symbol indicator over the at least one symbol.
17. The gaming machine of claim 15, wherein the secondary game display is operable to interact with at least one symbol by overlaying supplemental indicia over the at least one symbol.
18. The gaming machine of claim 17, wherein the supplemental indicia indicates the value of the at least one symbol.
19. The gaming machine of claim 17, wherein the at least one symbol comprises a face of a die and the supplemental indicia comprises dots.
20. The gaming machine of claim 17, wherein the gaming device comprises a slot machine having a plurality of reels on the primary game display and the at least one symbol comprises a position on a reel of the slot machine.
21. The gaming machine of claim 17, wherein the primary game display includes a wheel having a plurality of positions and the at least one symbol comprises a position on the wheel.
22. The gaming machine of claim 17, wherein the at least one symbol comprises a symbol on a backlit game board.
23. The gaming machine of claim 17, wherein the secondary display is operable to move the supplemental indicia in synchronization with a movement of the at least one symbol.
24. The gaming machine of claim 17, wherein the primary game display comprises a flipper based display and the supplemental indicia is overlaid over a final position of the flipper.
25. The gaming machine of claim 17, wherein the supplemental indicia comprises a live video stream overlaid over the at least one symbol.
26. The gaming machine of claim 17, wherein the primary game display comprises a video display.
27. A gaming machine comprising:
- a primary game display operable to display the outcome of a wagering game in response to a wager;
 - a secondary game display overlaying the primary game display and operable to display a video image that is not related to the outcome of the wagering game.
28. The gaming machine of claim 27, wherein the video image comprises advertising.
29. The gaming machine of claim 27, wherein the video image comprises an attract mode video image.
30. The gaming machine of claim 27, wherein the secondary display is operable to change the video image in accordance with a time value.
31. The gaming machine of claim 30, wherein the time value indicates a time of day.
32. The gaming machine of claim 30, wherein the time value indicates a holiday.
33. The gaming machine of claim 30, wherein the time value indicates a day of the week.
34. The gaming machine of claim 27, wherein the video image includes diagnostic data for the gaming machine.
35. The gaming machine of claim 27, wherein the video image includes setup data for the gaming machine.
36. The gaming machine of claim 27, further comprising a machine-readable medium for storing personalization data and wherein the video image includes at least a subset of the personalization data.
37. The gaming machine of claim 27, wherein the video image comprises a video stream.
38. The gaming machine of claim 37, wherein the video stream comprises video information received from a television broadcast.
39. A gaming machine comprising:
- a primary game display operable to display the outcome of a wagering game in response to a wager;
 - a secondary game display overlaying the primary game display and operable to display a supplemental video image associated with the wagering game.
40. The gaming machine of claim 39, wherein the supplemental video image includes a pay table.
41. The gaming machine of claim 40, wherein the pay table comprises a dynamic pay table that changes in response to predetermined criteria.
42. The gaming machine of claim 41, wherein the predetermined criteria includes whether a bonus game is active.
43. The gaming machine of claim 39, wherein the supplemental video image includes an animated character that interacts with the wagering game.
44. The gaming machine of claim 43, wherein the animated character indicates a winning outcome of the wagering game.
45. The gaming machine of claim 39, wherein the supplemental video image includes an indication that a payout associated with a winning outcome for the wagering game is to be multiplied.
46. The gaming machine of claim 39, wherein the primary display comprises a plurality of symbols, and wherein the supplemental video is operable to highlight a subset of the plurality of symbols representing a winning outcome for the wagering game.
47. The gaming machine of claim 46, wherein the supplemental video is operable to highlight a subset of the plurality of symbols representing a winning outcome by obscuring a subset of the plurality of symbols that is not included in the winning outcome.
48. The gaming machine of claim 46, wherein the winning outcome comprises a pay line.
49. The gaming machine of claim 48, further comprising a touch screen operable to receive a selection of the pay line.
50. The gaming machine of claim 48, wherein the supplemental video is operable to highlight a pay line by obscuring a subset of the plurality of symbols that is not included on the pay line.
51. The gaming machine of claim 48, wherein the supplemental video is operable to highlight a pay line by placing a box around a subset of symbols included on the pay line.
52. The gaming machine of claim 48, wherein the supplemental video image comprises a supplemental pay line.
53. The gaming machine of claim 48, wherein the supplemental video image comprises a skewed pay line.
